Have a dream for the future.

Write a letter

**YEAR 1 & 2**

**Autumn 2018**

# Curricu

The children came back to school eager to learn and share their memories of the holiday. They have started their learning journey through time with our theme 'Once Upon a Time.' They have all been working hard trying to get dojo points and therefore earning their golden time.

We thank you for your support with reading and spelling. We look forward to lots of children getting their mufti tickets for reading five times a week for five weeks.

**Mrs Moss and Mr Wintle**

## **Our Learning Overview**

English -diary entries, Recounts and short stories

Maths - Place value, addition, subtraction.

Multiplication and division (Year 2)

## **AUTUMN Theme**

During our theme of 'Once Upon a Time' the children will study the lives of families from modern day through to the early invaders of Britain. The children will look at how families are different and how conflicts can be resolved.

As Scientists, children will investigate animals and humans, looking at their habitats and life cycles. In Computing, year 2 will be programing robots. .

Children will develop their coordination and aqility skills during PE using the Real PE programme.

## **VALUES for Autumn**

**Hope**

**Service**

## **British Values Focus**

**Year 2 - Queen Elizabeth II**

**PSHE**

**Being me in my world**

**Celebrating differences**
